## A Brief about our organization –

Freemasonry is one of the world's oldest and largest non-religious, non-political, fraternal and charitable organisations. It teaches self-knowledge through participation in a progression of ceremonies. Freemasonry instils in its members a moral and ethical approach to life: its values are based on integrity, kindness, honesty and fairness. Members are urged to regard the interests of the family as paramount, but, importantly, Freemasonry also teaches and practices concern for people, care for the less fortunate and help for those in need.
